

How does visibility affect your tax team?

Increase accuracy, transparency, and communication.

Challenged with workload compression, resource demands, more stringent reporting and tax law requirements, how do you make sure **it all gets done, on time and with precision?**

	When you experience:	You should know:	And consider this:
1. IMPROVED FILING ACCURACY	Mistakes that cause late filings, resulting in unhappy stakeholders and possible corporate fines	XCM mirrors traditional manual processes with a digital routing system based on your procedures for improved accuracy	14% Only 14% of finance execs report their finance functions are "optimized" and support high performance ¹
2. GREATER VISIBILITY	Ad hoc work and last-minute requests that strain resources and result in missed deadlines	XCM allows you real time visibility to instantly reallocate resources and coordinate tasks between people and departments, giving you more flexibility	55% 55% of business and IT leaders can't tell whether documents have been reviewed due to limits of process visibility ²
3. INCREASED FLOW OF INFORMATION	Communication challenges across departments resulting in inaccuracies, workflow bottlenecks, and missed deadlines	XCM helps you streamline processes and communicate across and within departments—allowing you to access deadline-sensitive information	52% 52% of business leaders say they have different internal systems that don't "talk" to each other ²

A true workflow platform provides four key workflow benefits that lead to increased productivity.

Visibility: Having a 360° view provides the insight needed to make resource adjustments or changes.

Control: Identifying departmental bottlenecks, and implementing process efficiencies will let you deliver quality results.

Flexibility: Enacting continuous process improvements will help deliver increasing efficiency.

Accountability: Gaining a real-time "single source" of status for every assignment, task and deadline supports greater accountability.
