

## How does visibility affect your accounting team?

### Three areas to increase insight, performance, and productivity.

With shorter deadlines, more complex transactions, and changing regulations — **how do you make sure it all gets done accurately and on time?**

|  | When you experience:   | You should know:   | And consider this:   |
|--|--|--|--|
| <b>1. IMPROVED TIMING AND ACCURACY</b>   | Missed deadlines due to time spent gathering information from disparate sources              | XCM helps streamline processes for monthly or quarterly close and forecasting resource needs                                 | <b>30%</b> Automated workflow can help accounting departments increase productivity by up to 30% <sup>1</sup>                          |
| <b>2. GREATER VISIBILITY AND CONTROL</b> | Bottlenecks created by not knowing the status of jobs and interdepartmental dependencies     | With XCM, tasks are easy to track, resources are based on availability, and you have clear communication across your team    | <b>55%</b> 55% of business and IT leaders can't tell if documents have been reviewed due to process visibility challenges <sup>2</sup> |
| <b>3. INCREASED ACCOUNTABILITY</b>       | Daily concerns about keeping up with changing regulations and allocating the right resources | XCM's 360° real-time view of all work in process offers more control at an individual departmental, and organizational level | <b>23%</b> Organizations that create a "connected document environment" can reduce compliance risk by up to 23% <sup>2</sup>           |

### A true workflow platform provides four key workflow benefits that lead to increased productivity.

**Visibility:** Having a 360° view provides the insight needed to make resource adjustments or changes.

**Control:** Identifying departmental bottlenecks, and implementing process efficiencies will let you deliver quality results.

**Flexibility:** Enacting continuous process improvements will help deliver increasing efficiency.

**Accountability:** Gaining a real-time "single source" of status for every assignment, task and deadline supports greater accountability.

**XCM works horizontally across tax, accounting, assurance, finance, audit, and operational departments.** We help professionals manage millions of processes, enabling businesses to complete more work, in less time, with greater quality. Our device and browser-agnostic cloud solutions offer real-time, anywhere, anytime access to work, making your people more efficient.
